PBL Challenge

The universities identify community challenges and set up local student teams to tackle the challenges.

Field trip

The teams and their mentors work together for 2 weeks at the host university and in local communities.

Solution

The teams and their mentors present the solution to the challenge for the local community

Co-funded by the
Erasmus+ Programme
of the European Union

Who can apply?

- Motivated students of civil engineering and architecture of 3rd year or higher;
- Problem solvers who are comfortable with uncertainty and unexpected situations.
